second hand telegram / lip service legal love
second hand out of town telegram / lip service legal
love
so you're the lawyer's wife / how's life on lakeshore
road
furs and boats caviar and moats / and your fat kitten
is teasing your aunt / in the hall / with the liver hors
d'oeuvres
she gives her guest(s) / when on call
ahhhhh you should be down under / pushin' up wheat
for the hungry
big revolutions in my black book / written down in our
teens
i gave them to krushchev / i lent them to lennon
second hand out of town telegram / lip service legal
love
lip service second hand out of town / lip service love
so you're the canker banker / hours nine to five on
fantasies of gold
vets cheques cigars nassau / and your harness horse /
is cold cash
'cause the drugs you use work fast / burned off and out
before the race track
urine test
ahhhhh you should be down under / pushin' up wheat
for the hungry
socialutions / written down in our teens
i mailed them to kennedy / i typed them for tito
only your right hand / knows you're left handed
