(M--Mitchell; L--DuBois)

world sleeping on a bed of nails / world bleeding
bleeding to be born
look out / look out has been called / look out has been
called
for me for you for all
some think / some drink to for get / it's the same
withdraw
to lock our dreams like doors
bleeding / bleeding to be born / it's a free for all
of raps of maps of scores
emerge / emergency calls / emerge and see you
image man / bleeding bleeding to be born
world / feels like lions sleeping on a bed of nails
look out / look out has been called / look out has been
called
a voice you must outcry
