It's a wild chance
You take a passion stance
Everything is touch and go
Everything is Magico

Who you tease
You wanna please
Who you please
You'd follow

What do you do with the urge?
Going for broke, going for bravado
When you go, go for all you know
Everything is touch and go
Everything is Magico

What do you do with the urge?
You wanna set your hunter's sights
You wanna hit the stars tonight
You wanna use your magic rights
You wanna hit the stars tonight
Go with the urge
