Nothing Feels The Same
Pretty Soon I'm Gonna Go Away
And Make My Way Back Home

Light Begins To Fade
I Wish That I Could Hold You Everyday
I Wanna Give You Everything, Everything

A Thousand Miles Away

A Thousand Miles

Nothing Feels The Same
Pretty Soon I'm Gonna Go Away
And Make My Way Back Home

Light Begins To Fade
I Wish That I Could Hold You Everyday
I Wanna Give You Everything, Everything

A Thousand Miles Away
I'm Dreaming Of You Now
I Promised You The Moon And Stars
A Thousand Miles Away
I'm Bleeding For You Now
