I'm just a young man with a great gift been blessed
with this talent since my first days in this world and I'm
not gonna stop until I reach my goal and if you niggas
try to stop me I will have to end your world And yall
niggas tryna stunt but I always stick around and if your
looking for my ass than I'm never on the ground
probably way above the clouds just floating with the
satellites never in this world so your never in my
foresight and I kno I'm so right like I never went left

why I get on these beats and let my soul bleed just call
