Here's to beautiful hope
For me and for you
Here's to magical pleasure
Of all the dreams come true

A miracle was born from the womb of a star
Where once I was torn and alone
Alone in the dark

Here's to beautiful hope for Tomorrow to say
My glimpse in the mirror reflects Yesterday
And I'll tell to Next Morning
To glimpse in there at me
And at you and your beautiful hope
Beautiful hope

Here's to beautiful hope
for me and for you
to shoot to the star
That made our wish come true

Here's to beautiful hope for Tomorrow to say
My glimpse in the mirror reflects Yesterday
And I'll tell to Next Morning
To glimpse in there at me
And at you and your beautiful hope

Now I see the light
Without opening my eyes
As I fall from the floor
By the speed of the light
You are the rain and the hail
Falling back through the sky
You are what I wished for
What I wished for that night

Here's to beautiful hope for Tomorrow to stay
filled with magical pleasure we get from Today
For starlight and sunshine chasing the shade
away from me and my beautiful hope

Beautiful Hope
My beautiful hope
My beautiful hope
