"One Man's A Gang (Gang Version)"

Visit "[One Man's A Gang \(Gang Version\)](#)" on MotoLyrics.com

We're arriving in time
Like fighting machines
We'll find you wherever you hide
We shock and scream
We're cousins of love
We're living til the end of the night
We're living for bizarre acts of love
We're fighting til the end of the night
One man's a gang
We're robots of love
Defenders of life
We are ready for nazi ideas
Just to kill them in time
We're cousins of love
We're living til the end of the night
We're living til we wake up wake up
We're 'journey-ing' to the end of the night
One man's a gang
We're living til the end of the night
We're fighting to the end of the night
We're heading for the end of the night
One man's a gang
