I guess I don't wear them on my sleeve
The feeling for you, I bear
I don't wanna get all sensitive, no
But if you don't know, I care

Communication's a strange relation to me
Forgive me, if you can
But the secret is that I'm overjoyed inside, you see
And when I pray I tell the man

It never ceases to amaze me
She's all I dream about
Beautiful thing
Conversations never phase me
She's all I talk about
My beautiful thing

How could you really ever know, ever know
If I never extend my hand?
I don't wanna make you run away
So I pray you'll understand

My hesitation with love relations could be
My only doubt and fear
Then, baby you came into my life and now you're all I
dream
And once again I'm thanking him

It never ceases to amaze me
She's all I dream about
My beautiful thing
Conversations never phase me
She's all I talk about
My beautiful thing

Every day's a new adventure
So happy that I got
A beautiful thing
From November to November
She's all I wanna shout
Beautiful thing
Darlin', so beautiful

She's all I dream about
She's all I talk about
It never ceases to amaze me
Conversations never phase me
Beautiful thing

It never ceases to amaze me
She's all I dream about
My beautiful thing
Conversations never phase me
She's all I talk about
My beautiful thing

Every day's a new adventure
So happy that I got
A beautiful thing
From November to November
