Come and take a walk
Take a walk down the halls of desire
I'll do what you want
What you want, I can take you higher
These are the halls of desire

Door number 1 is for best friends
Inside there's simply a hug
Perhaps we'll pass this one quickly
For emotionally never leads to love

Door number 2, ooh, opens easy
But there's only a kiss inside
You're the only one who can tell us now
Will a kiss keep you satisfied? Will it, baby?

Come and take a walk
Take a walk down the halls of desire
I'll do what you want
What you want, I can take you higher
These are the halls of desire

Door number 3 is a good one
On occasion it can be the best kind
Open it up and you'll find
You'll be against the wall in a slow, sexy grind

After which you open door number 4
I can only tell you what's not inside
If you open this door, baby, your clothes won't take the
ride
These are the halls of desire

Here we are at door number 5
And the feeling inside is immeasurable
Over and over and over and all over
My hands do things pleasurable

Come take a walk
I'll do what you want me to
I'll take you higher, higher
These are the halls of desire

Your best bet is to skip door 6
We'll just say it won't bring you Heaven
Never will we mind
We'll just step inside door number 7

All of my love will surround you, baby
What happens inside, no one really knows
But if you go you'll come out with a smile
And that's reason enough to go

Come on and take a walk, babe
Come on and take a walk, babe
Down the halls of desire
Ooh, ooh, come on

Come and take a walk
Take a walk down the halls of desire
I know what you want, what you want, what you want
What you want I can take you higher
These are the halls of desire

Come on in and find a slow, sexy grind
Oh, come on
I'll do what you want
What you want I can take you higher, higher babe
These are the halls of desire
