You're losing interest in me and it's showing it ain't no
big thing but it's growing
The pain of heartbreak I've just started knowing
It ain't no big thing but it's growing
Every day the hurt grows bigger than before
But I'll pretend that I don't notice if I can hold you one
day more
You got the look yeah of someone who's going you're
gonna leave me and it's showing
A little tear I can feel start to flowing it ain't no big thing
yeah but it's growing
You got the look of someone...
It ain't no big thing oh but it's growing
