If it's all the same to you I'll be leaving in the morning
I'll be going to some different place it's all I know to do
I have thought the whole thing through cause I can't
feel the doubt a forming
And I'll be leaving in the morning if it's all the same to
you

It's so hard to bear the thought you might be changing
Especially that you want another man
But I've never been that kind to try arranging
Something that's just not in your plan

So if it's all the same to you I'll be leaving in the
morning
Though my life will be an empty road and lonely
without you
But don't spare me any feeling tell me what your
thoughts are forming
And I'll be leaving in the morning if it's all the same to
you

[steel]

I have tried to give you hope and understanding
But there must be something you want I don't have
If you've no need to take the treasure that I'm handing
Then I guess it's best we'd take a different path

And if it's all the same to you I'll be leaving in the
morning
I can't make it on my own alright it seems the thing to
do
So let sit down and talk in reason but you should take it
as a warning
Cause I'll be leaving in the morning if it's all the same
to you
