S. Y. S. L. J. F. M. (The letter song) by Joe Tex

Everybody has got somebody yes they do (all right)  
And everybodys got their own way of saying I love you  
(oh yes they have)  
The sooner you say it - the better it is  
The softer you whisper it - the better it feels  
Just make sure that when you say it, be for real

S. Y. S. L. J. F. M. - save your sweet love just for me  
D. K. W. I. M. T. M. - you don't know what it means to me  
D. E. T. Y. S. L. A. - don't ever take your sweet love away  
I. C. L. M. L. T. W. - I can't live my life that way

Everybody has got somebody they love to talk about  
(and I got somebody)  
Everybody got their own way of unwinding when they  
feel down and out (yes they have)  
The sooner you unwind - the better it is  
The easiest way you do it - the better it feels  
Just make sure that when you do it, be for real

Y. C. C. M. A. O. T. - you can call me any old time  
T. C. A. H. Y. T. U. - to come and help you to unwind  
S. Y. S. L. J. F. M. - save your sweet love just for me  
D. K. W. I. M. T. M. - dont know what it means to me

D. E. T. Y. S. L. A. - don't ever take your sweet love away  
I. C. L. M. L. T. W. - I can't live my life that way
