Ooh, everybody's got a story
I'm calling out but no one's got the time
Didn't I tell you I was drifting?
Didn't I tell you I was slipping?
Oh, but no one's got the time
'Cause they're all looking for their answers
Looking for their signs
Looking for a little peace of mind

Give me something to believe in
Tell it to me with conviction
Make me feel like everything's alright
I can't stop this awful feeling
Something in me won't stop reeling
Make me feel like everything's alright

Inside I'm still somewhat learning
As the world keeps spinning round and round and
round
'Cause we're all looking for the answers
Looking for the signs
Oh, I'm looking for a little peace of mind

Would you give me something to believe in
Tell it to me with conviction
Make me feel like everything's alright
I can't stop this awful feeling
Something in me won't stop reeling
Make me feel like everything's alright

Falling behind
Keep on falling behind
Throw me a line! (Throw me a line!)
Throw me a line! (Throw me a line!)
Throw me a line! (Throw me a line!)
Throw me a line! (Throw me a line!)

Give me something to believe in
Tell it to me with conviction
Make me feel like everything's alright
I can't stop this awful feeling

Something in me won't stop reeling
Make me feel like everything's alright
Make me feel like everything's alright
Make me feel like everything's alright
