What just happened?  
Did you kiss me?  
'Cuz that's a place we've never been  
Until now  
And I dunno  
How we're gunna be after this  
Do we pretend these feelings don't exist at all?  
Or do we fall?

My confusion shows  
Whenever you  
Stand so close  
I stumble  
I stutter  
Forget what to say  
I'm nervous  
I wonder why I'm acting this way

(Chorus)  
It's temporary insanity  
What going on with you and me  
Is it real or is it fantasy?  
Forever or just temporary?  
Woh-oh-oh (x2)

You made a move  
Don't change your mind  
Too much to lose  
We've crossed the line  
Between friends and something more  
Was it all a big mistake?  
'Cuz if it was it's much too late to undo  
And I don't really want to

Let you go  
But I still don't know  
How I feel about you  
What this really means  
It's crazy to want you  
Is it meant to be?

It's temporary insanity  
What's goin' on with you and me  
Is it real or is it fantasy?  
Forever or just temporary?(x2)  
Woh-oh-oh(x2)

Hey what you do to me

What's come over me?

If this is crazy  
There's nothing I'd rather be  
Than here with you now  
Let's figure this out

Here with you now(x2)

It's temporary insanity  
What goin' on with you and me  
Is it real or is it fantasy?  
Forever or just temporary?(x2)

(Losin' my mind)(x2)  
(What's goin' on?)  
(Losin my mind)(x3)

Insanity  
What you do to me
