I fell in love.
I didn't want to but you snuck right in,
Tripped me and watched me tumble
Head over heels over you -
Then watched me hit the ground.
I let you in 'cause
I like what you're saying!:

"c'mon, we're going out tonight
-don't try to run - don't try to hide
- don't even try to fight - I'm taking over
- we're gonna get this right
- c'mon, we're going out tonight"

And there goes my heart...
Falling apart... tonight

I fell in love.
I didn't want to but you got me drunk,
Too drunk to argue.
I built these walls for a reason -
Then I watched you tear them down.

... boom boom boom goes my heart beat
'Cause there's a knock knock knock on the door:
It's the missing piece of the puzzle
That I've spent my life looking for!

"c'mon, we're going out tonight
-don't try to run - don't try to hide
- don't even try to fight - I'm taking over
- we're gonna get this right
- c'mon, we're going out tonight"

And there goes my heart...
Falling apart... tonight
