All in all  
At least in these shoes  
When it's over  
At least in these eyes  
I'll still be running ahead  
At least in my mind  
And if one's so inclined  
And since no one is  
I'll always have  
If having is any(no)thing  
You to bend down and tie my shoes  
And it never occurred  
That when i touched you  
To me  
I was the one  
Who felt nothing  
You just kept breathing  
While i hold  
Until it blows through  
My breath  
You  
And i wait  
Forever  
Until they  
He  
She  
We  
Us  
You  
(dis)allows me  
To stop  
Just thank god  
Along with all your eager fans  
That in paradise  
There is no(some)one to  
And will never be  
Some(no)  
One to kiss my cuts
