Verse 1:

Over and over again

I meet different guys who would play a part

but I need a homie, a lover, a friend

somebody that's true and won't break my heart

baby, oh maybe

I'll get a chance to see you, a chance to meet you

oh baby, oh lately

it's been kind of lonely tell me where you are

(chorus)

I gotta know, I wanna know

where you are, baby I won't give up until I'm yours

you need to be, right here with me

I just wanna find my mystery lover

I gotta find you

baby please tell me where you are

I need to see you

I gotta meet you

I need to be right where you are

mystery lover

Verse 2:

Too much time has passed by

still so alone, here on my own

I need your mystery love

I need your heart and I wanna touch ya

baby, oh maybe I'll get a chance to see you

a chance to meet you

oh baby, oh lately

been kinda lonely tell me where you are

(chorus)

Is he a stranger

is he a friend

is he a star

or a regular man

could he be this person, that's been here in front of me

this whole time

(chorus)
