Who I am, you know has nothing to do with the hair and
the shoes and stuff (even though I like shoes)
but you know it has nothin' to do with that You Know in
what I do, I find out there's a lot of Power in Prayer so I
pray for the people who don't understand me
And I tell you, be honest with you, I pray more now to be
understood
no excuse me, to understand then to be understood
I pray now to learn how to love and to be loved
Because God has given me abundance so you know I
don't need God , "these people don't understand me,
they think I'm crazy every time I'm on the mic" it's not
about that
I pray I understand them so I can talk to them, minister
to them even more
you understand what I'm saying?
So I'm just not afraid of, it's no affect, it's immaterial to
me because our enemies are not physical bodies they
are actually our family. they don't know it and we don't
always know it.
but our enemies are not flesh and blood and our
problems are not flesh and blood.
even though we think they are
think they are
think they are.
