I know you want it
You wanna hit it
But you can't have it
Oops, can't touch it
Maybe a kiss on these lips
Holding hands it aint nothing
Nasty is what you call me
We get close but you can't handle it
Cuz I'm not maybe what your looking
Cuz I'm not the average kind of girl

I might let you touch me
I might let you hold me
I might even let you kiss me
But you can not take my virginity

I might let you tease me
I might let you squeeze me
I might even let you kiss me
But you can not take my virginity

Can't imagine what it feels like
My friends say it's alright
But then they go and do it all night
But I prefer the merry life
Patience is what you gotta have
That's what it takes to be my man
I'm not like that bad if you like me
Keep it with you then maybe

I might let you touch me
I might let you hold me
I might even let you kiss me
But you can not take my virginity

I might let you tease me
I might let you squeeze me
I might even let you kiss me
But you can not take my virginity

Baby its not like I dont really like you
You just gotta know

That if your not willing to get with my loving
Than you've gotta go
Baby its not like I dont really like you
You just gotta know

That if your not willing to get with my loving
Than you've gotta go

God D@^^* what part don't you understand
The N or the O

You get nothing from TG4

Let it go

Here we go

With the everyday scenario

Jeans painted on cleavage showin

Dont mean she easy

Girl you gotta keep your integrity

I wouldn't let him get over on me

Dont fall for the same game

Him callin you boo

Telling you he love you

And everything he gone do

Treat your body like a temple

The best thing ever made

Cuz once you let him hit

Watch how those feelings fade away

You gotta be the best at this game being played

Dont give it up know

Some things are better off saved

I might let you touch me

I might let you hold me

I might even let you kiss me

But you can not take my virginity

I might let you tease me

I might let you squeeze me

I might even let you kiss me

But you can not take my virginity

I might let you touch me

I might let you hold me

I might even let you kiss me

But you can not take my virginity

I might let you tease me

I might let you squeeze me

I might even let you kiss me

But you can not take my virginity

I might let you touch me

I might let you hold me

I might even let you kiss me
But you can not take my virginity

I might let you tease me
I might let you squeeze me
I might even let you kiss me
But you can not take my virginity
