My life, the pyramid of sorrow
Cascade of tears, nightmares
Fears of what's to come
Could it be called "life" at all?
I long for what you call "death"
But should it be my redemption?

Sorrow's spreading through my head
Empty screams are only heard
My soul is torn apart
As my grief drives me mad
And when will all this end?

Cruel words are now so bright
Unable to resist I fall
World's fading before my eyes
No will to live anymore

The pyramid of sorrow

I can't find the reason why
Why emotion's left to die
Can the heart be even so cold
That neither fire nor sun
Can make it burn at all?

Freezing eyes, hearts of stone
Emotions so far, so cold
Days of youth, days of joy
All that is past forever gone

Cruel words are now so bright
Unable to resist I fall
World's fading before my eyes
No will to live anymore

Freezing eyes, hearts of stone
Emotions so far, so cold
Days of youth, days of joy
All that is past forever gone

When all is dust and all is black

My world is lost, emotions dead
All tears are wept but pain remains
How could I've forgotten this all?
So how could I have forgotten?
