Chorus:

I can give you up
I'm so in love
I will share you with another girl
I swear this true

I'll do anything
'cause the taste of your loving was everything

Verse One:

I know about your girl at home
I know everything about you
I know what it's her you're going to
At the end of every night
I can tell you want me
And there's something that you're missing
Other wise we wouldn't be here
Hugging and kissing

Bridge:

He's got the sex appeal
That turns me on
When talking on the phone
I know what's wrong
The way we kicking it
No I can't resist
I just can't leave without him

Chorus:

I can give you up
I'm so in love
I will share you with another girl
I swear this true
I'll do anything
'cause the taste of your loving was everything
I can give you up
I will share you with another girl
I swear this true
I'll do anything
I'm so in love
'cause the taste of your loving was everything

Verse Two:

Everyday I tell myself
That it's time to do the right thing
Gotta walk away before
But just as I pick up the phone
Your baby gets to know
The devil on my shoulder
And I start to dial your number
Says 'Damn it girl don't let him know'

Bridge:

He's got the sex appeal
When talking on the phone
That turns me on
I know what's wrong
No I can't resist
The way we kicking it
I just can't leave without him

Chorus:

I can give you up
I'm so in love
I will share you with another girl
I'll do anything
I swear this true
'cause the taste of your loving was everything
I can give you up
I'm so in love
I will share you with another girl
I swear this true
I'll do anything

'cause the taste of your loving was everything

Verse Three:

We can run, if you wanna run
We don't have to make a show, never let it show
I will show you with another girl
We can make it if you want, if you really want
We can roll, if you wanna roll
I will show you with another girl
We don't have to make a show, never let it show
We can make it if you want, if you really want

Chorus:

I can give you up
I will share you with another girl
I'm so in love

I swear this true
I'll do anything
'cause the taste of your loving was everything
I will share you with another girl
I can give you up
I'm so in love
I swear this true
I'll do anything
'cause the taste of your loving was everything

~repeat chorus 2x~
