The hands of time start to unwind
Thinking of how things could be
I know there's a maybe that you will be mine
And I won't rest until you're mine
So come take the best of me
And know that I will always be

Closer to you, closer to me
Where do I turn?
How do I learn?
To be closer to you, closer to me
Wrapped in your arms and closer to you
Is where I wanna be

You seem so far, my distant star
How can I get to where you are?
Through the dark you're my light, with your wings I can
fly
When I close my eyes it's you on my mind
So come take what's left of me
And know that I will always be

Closer to you, closer to me
Where do I turn?
How do I learn?
To be closer to you, closer to me
Wrapped in your arms and closer to you
Is where I wanna be

So glad you're here to stay
Baby please don't walk away
After all this time
My love remained the same
And I'll do it all again just to have you in the end
And know that I'll always be

Closer to you
Closer to me
Closer to you is where I wanna be
Closer to you

Closer to you, closer to me

Where do I turn?
How do I learn?
To be closer to you, closer to me
Wrapped in your arms and closer to you
Is where I wanna be

Closer to you, closer to you
Let me see your eyes, babe
Closer to you
Is where I wanna be
