Hey, it's me
I hope you'd still remember
You old friend and then
We can talk and laugh again
Hey, it's me
I never thought I'd see you
Once again and I just can't
Believe you're right here with me now
Looking, starring and talking
Telling me things that you've
Done all these years

Chorus:
Hey, it's me
The one who'll always care for you
Oh, yes, it's me
The one who'll always love you
I just hope you still remember
And I wish it crossed your mind
All the memories that we have left behind

Hey, it's me
Now that you're back in my arms
You'll see, I'll always keep you
Here in my heart
Hey, it's me
I never thought I'd feel this love again
And I just can't believe
You're right here with me now
Looking, loving and feeling
Sharing this love for the rest of our lives

Chorus 2X

Hey, it's me, it's me
The one who'll always care for you
Oh, yes, it's me
The one who'll always love you
I just hope you still remember
And I wish it crossed your mind
All the memories that we have left behind
