With you I can't control myself
You chip away the stone
And I become a puppet on a string

You dominate and rule
Don't lose time because this love
Is completely automatic

It's passion all night long, kissing all night long
A ritual of love our time to be alone
Connection of the souls
Lifts our hearts up to the heavens

Oh, yes, I found a dream for two
Secret Heaven
So powerful it leaves us defenseless

I know this is a dream for two
Deep inside me, down in the center of my soul
Your love surrounds me
Inside a world only for two

I'm feeling so confused, I shake with every move
You hypnotize me I lose all my fears
I fall down on my knees
And you completely take control

It's a battle in my mind, the biggest of my life
You occupy the empty space inside
You keep my heart alive
I need your love to keep on breathing

Oh, yes, I found a dream for two
Secret heaven

So powerful it leaves us defenseless

I know this is a dream for two
Deep inside me, down in the center of my soul
Your love surrounds me
I know this is a dream For two

Secret Heaven
So powerful it leaves us defenseless

I know this is a dream for two
Deep inside me, down in the center of my soul
Your love surrounds me
Inside a world only for us, inside a world only for us

Oh, yes, I found a dream for two
Secret Heaven
So powerful it leaves us defenseless

I know this is a dream for two
Deep inside me, down in the center of my soul
Your love surrounds me
Oh, yes, I found a dream for two

Secret Heaven
So powerful it leaves us defenseless

I know this is a dream for two
Deep inside me, down in the center of my soul
Your love surrounds me
Inside a world only for two
