All people talk about me
They point me whit their fingers
They talk behind my back
But dont give fuck
What i can do?
If im different to all them
Im from nobody i dont have no husband

I know that they dont like me
I can bet you that they hate me
They shady is too big
I dont know why it is
What it can be i know is not my fault
If i said something they start laughin

Myyyyy my way it is the one
I wanna choose.. The one...
I wanna take to live....

Who care about what do i think
Who care about what do i said
If im like this
I will be like this
I will never change.....

Who care about what do i think
Who care about what do i said
If im like this
I will be like this
I will never change.....

Maybe it is my fault
Cause i dont talke to no one
I think it is too late
To change right know
Whit all them
I will maintain free in all my convictions
I will reforse all my positions

Myyyyy my way it is the one
I wanna choose.. The one...

I wanna take to live....

Who care about what do i think
Who care about what do i said
If im like this
I will be like this
I will never change.....

Who care about what do i think
Who care about what do i said
If im like this
I will be like this
I will never change.....
