I wasted time
Living this tragedy
Whitout sunshine
Alone and sad
Don't wanna be

Out of this place
I have control

Memories secrets
Erode my soul
I hear the chasm
Calling my name
But I don't go

I won't survive
If I keep this feel

Free, follow my sign
My body awaits to die
My sins kill my soul
My feelings are not so strong

Wishes are bringing
The sorrow in our hearts
My spirits need's peace for my life
(No more sorrow no more lies)
Take me high
Where I can see
All the answers
