Far, Far from the light
Hear the night creatures call
With cold breath they howl
All the hollow hours they're calling
I'll be there
No matter what you're going through
In the dark I care
I'm holding on, I'm hoping on
It's still the same old me inside
chorus Back to the light
Back to the street, that are
Paved with gold
Back to the light
Back to the land where the
Sunshine heals my soul
Deep deep in the night
When the world fills with tears
And wind blows, colder and colder it grows
And the fire dims with the same old fears
I'll be there
Though maybe you don't hear me babe

I still care

No matter when, I'll still be there

When you make it to the other side

chorus Back to the light etc

On and on

Searching for a clearer view

Winning and losing an inner war

Wonder what we do it for

Though road seems never ending

Hold on to the hope I'm sending through

I'll be there

No matter where you're going to

In the dark I care

I'm holding on - believe it -

We'll be walking in the light

'Cos they'll be no place left to hide

chorus Back to the light etc.
