There's a pain in my brain
Confusion in my heart
My blood's fit for bursting
My body apart - I'm gonna ride -
Ride the night into the morning sun

Gonna make my resurrection
No more of this crap
Got a whole new direction
Ain't no turning back
Resurrection is a-gonna come

My spirit is weeping
For freedom it cries
Ben scraping my living
In the Valley of Lies
Ride the night into the morning sun

I'm a victim of a victim
Of a conspiracy
>From a corpum derelictum
Gonna fly and be free
The resurrection is a-gonna come

Clear the vision
Heal the system
Sins forgiven - RISE!

Flee the prison
Break the system
Sins forgive - RISE!!RISE!!

Ride the night- yes I know I'm still alive -
Gotta ride the night - yeah I'm gonna ride -
Gonna rise again in the morning light

There's no use in counting
The price of those years
There's too many heartaches
And too many tears
Gotta ride the night into the morning sun

Yes I thought I was dreaming
But the East is ablaze
With promise of the future

Those Heavenly Days
Ride the night into the morning sun
Ride the night - into the morning sun
Cos the resurrection is a-gonna come
