The world's so quiet
The world's so free
I breathe the air
Sweet scented air

Oh darkest forests
Oh land of trees
Your ancient tunes
Still echo in our hearts

Sons of the oak
Of wisdom lost
Daughters of light
Of warmth and love

Oh summer breeze
Caress my skin
Oh whispering trees
Tell me the secrets you have seen

Nemeton - Sacred grove - sacred source
Nemeton - Kernunnos hear our call

Child of the woods
Blessed by the trees
Ages have passed
And still the longings burn

Oh pagan land
Your gods are gone
Oh northern wind
Tell me about some ancient dream
