Holy spirits of the old
Shed yourselves of pride and gold
Take one more look into the past
For the darkside's creeping fast

I took my life today
Couldn't see it any other way
I thought I was the one
The one who broke through the blistering sun

Fingers pressed against the glass
Take another look into the past
You will see what I want you to see
You will be what I want you to be
'Cause it's the same situation
An Eye for an Eye

When I look into your eyes

I see an evil look of disguise
Trying to see it your way
It's gonna stop there's something I've got to say

I took another life today
It's sad to say, but it had to be that way
I thought you were the one
The one who wouldn't get up and run

Fingers pressed against the glass
Take another look into the past
You will see what I want you to see
You will be what I want you to be
'Cause it's the same situation
An Eye for an Eye
