

## Thanatopsis

### "The Devil's Concubine"

Visit "[The Devil's Concubine](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Night falls, darkness calls,  
Evil fantasies in your mind  
Summer breeze, you feel at ease,  
Sorrows banished from your mind  
Erotic dreams, perverted scenes,  
Behind the curtains of your eyes  
Hellish whore opens wide,  
You can't see through her wicked lies

[Chorus]

She appears in your nightmares,  
She lives in your dreams  
She's got the looks of an angel,  
But she's not what she seems  
The whore of Satan,  
The Devil's concubine  
For a night of passion,  
You'll suffer a lifetime  
Fingers stretching, nails scratching,  
Blood is running down your back  
Flesh torn, bloodcum,  
Feel the hooks inside her cunt  
Orgasmic rush, turns to dust,  
As you scream out in disgust  
Satanic whore, queen of gore,  
You're suffering, yet she wants more

[Repeat chorus]

[lead:Stephan]

As you lie there, blood-soaked...  
Satan's whores are gathered  
To feast upon your flesh Organs and genitals;  
A "grand buffet" of first-class human meat  
Your soul has left your body,  
The journey to the other side begins  
Prepare for mental torture,  
As you enter the realm of ecstasy

[lead:Paul]
