

Thanatos "In Praise Of Lust"

We're gathered here tonight
to praise the Queen of lust
to eat the fruits of passion
to live out our desire
Let the orgy of lust begin
No holds barred, there's seed to gain
sluts and whores - forget those names
We're servants of Lilith, we're all the same
As insanity takes control
of our untempered minds and soul
Standards and morals are thrown overboard
No taboo is left untouched
Bathing in a sea of lust
a river of blood, slime and sperm
The orgy reaches its final stage
The climax is near

As they speed up the pace
(chorus)
Orgasmic holocaust
Post-orgasmic remains
Bodies are shattered
But the testicles remain
The seeds of life's collected
by Lilith's loyal slaves
to form a race of super studs and
bitches without names
(repeat chorus)
Forever forced to serve
the lust of another
Forever forced to fuck
the shit out of each other
What at first seemed chosen to heaven
turned out to be your hell
As a servant of Queen Lilith
forever you shall dwell
