Down on your knees, facing the east, Accept your
defeat as I slay for the
Beast
Your lord has failed, your Jihad was in vain, Pray for
your soul as you
suffer in pain

The way of the dark is the way of the light,
What's right in your eyes is the ultimate lie

The years of deception are finally gone, You showed
your true colours,
Enlightenment has come
First we were blinded but now we can see, Infuriated
we hunt down our
enemies

The way of the dark is the way of the light
What's right in your eyes is the ultimate lie.....

The mountain, the prophet, the book of all lies, Like
lambs to the
slaughter,
In the name of hell you shall die... Die!

The cry - of war - is heard, the battle's on
The armies - of darkness - attack, the bastards run
We reign in blood we march to die
Sworn to Satan we kill the pigs tonight

Absorb - the blood - that's spilled in his name
It gives - us strength - to fight with self esteem
The power inside it feeds upon our thoughts
Inferior to none we are the gods

The mountain, the prophet, the book of all lies, Like
lambs to the
slaughter,
In the name of hell you'll die... Die!

The way of the dark is the way of the light,
What's right in your eyes is the ultimate lie.....

The mountain, the prophet, the book of all lies, Like
lambs to the
slaughter,
In the name of hell you'll die... Die!
