[S.GebÄfÄ©di]

Creeping inside you, into your blackened soul...  
I hear the maggots marching  
Your end is near, all your emotions gone  
but there's no rationality either

You're not worthy to live on any longer,  
I demand your death, cause I know what's inside of you

I leave you the choice, how you will end your life  
Suicide it is the only way, to free yourself from inner  
fear  
Outward of the Inward, Outward of Evil
