[S.GebÃfÃ©di/E.de Brouwer]

So many broken vows, I got used to it somehow
Dissatisfied with my earthly existence
I strive for my luck in another dimension
Absorb the liquid messiah, my guide into the light
Drowning in a sea of twisted visions
As I become the "Bloodstar Rising",
Umztec, master, guide my soul
Enter the realm of Ecstasy, enter the Realm of Gore

Todos Santos, celebration of death
Subconsciousness is the key to all unknown dimensions
Within your own reality the truth will be revealed
Enter the Realm of Ecstasy, enter the Realm of Gore
