"Speed Kills"

Thrash, feel the power from inside
Intense metal will blow your mind
The way you look, we don't care
As long as the feeling burns in your soul

[Chorus]

Your blood circulation is running mad-
Our Speed Kills!
All out violence fills the air
Segmented limbs lie everywhere
Colliding bodies - a metal war
There's blood on the dance-floor -
Give me more

[Repeat chorus]

[lead:Leon]

Intense thrashing - feel the pain
Hardcore metal burns your brain
Loss of energy, loss of words
As you witness our deadly rebirth:

[lead:Paul]
