Your world of beauty - your so called order  
Disintegrating - before your very eyes  
The universe - as having fallen  
From pure spirit - into base matter and filth  
We will lead the world - into the realms of nightmare  
A new world order is forming - rising from the fires

No evil priest can halt us, yes! We are the children of  
Agni  
Away with incense and holy water, oh god of fire and  
creation  
The time of the cross is gone now, the sun whisk shall  
arise  
And so we shall be free at last, fire bring salvation on  
earth

Our mission - to begin once more  
The ascent from darkness - to the light of the spirit  
Agni: The fire whisk - the very act - of creation

No evil priest can halt us, yes! We are the children of  
Agni  
Away with incense and holy water, oh god of fire and  
creation  
The time of the cross is gone now, the sun whisk shall  
arise  
And so we shall be free at last, fire bring salvation on  
earth

The fifth of symbols - the key  
The mystery - hidden in our blood

The flaming one will end the faction  
Whatever he ordains shall be forever

No evil priest can halt us, yes! We are the children of  
Agni  
Away with incense and holy water, oh god of fire and  
creation  
The time of the cross is gone now, the sun whisk shall  
arise  
And so we shall be free at last, fire bring salvation on

earth
