Sent out to fight for my country Sent out to kill not to
reason why My country is at war with yours Because of
that I'll kill Our governments did not agree, So they
decided to break the peace Calling out a state of war
Commanding us to fight at the front Bodies lie all
aroundâ€¦ See them rotting, smell the stench Napalm
descends from the skies Causing autopsy whilst being
alive Peeling the skin from my face Burning my flesh,
eroding my bones Maggots crawling out of my eyes
Eating my eyeballs but I'm still alive (SOLO: ERWIN) As I
lie here rotting, waiting for my death, Spilling forth
thick streams of blood and pus, I wonder what the fuck
have I been fighting forâ€¦. Dying after being used like
a whoreâ€¦. War ; stupidity beyond imagination Death;
the result of this monstrous creation (SOLO:
ERWIN)(SOLO: STEPHAN)(SOLO: ERWIN)
