1426 ...

Beginning of the fucking year of 1426 ...

The revolution had been completely taken off
Of the pour houses and was now instalated
Inside of each one's head.
No one knows what to do ,
Except one little child that spoke
Three fuckin' words ,
Exactly like :

"FUCK ! BURN ! SATAN !"

Inside they can take your house ,
They can take you everything ,
These awful things you do ,
Nothing about your attitude.
Then , the devils are now, inside you ,
Possessing you.
Reaching out to an end ,
Making you do what they want !

If you want me , I wouldn't dare and
I can do , creeping night away ,
Where're you hiding ? For ...
If I can do , creeping night away ,
Holy ... I can't see ...
Where you hide at night !

If you want me , I commit a suicide ,
Sisters of the Devil
Please come and rescue me ,
Again ... to me ... to me ...

Fool ... Madness !

If you want me, I wouldn't dare and
I can do , creeping night away ,
Where're you hiding ? ; For...
If I can do , creeping night away ,
Holy ... I can't see ...
Where you hide !

Now , the story is coming to an end ...
The little boy came to me and asked :
"There's a Satan outside ! Can I kill Him ?"
And just without realizing
That the Satan is inside of each head , he said :
"Sure, why not ? Bring the fucker to an end
And kill the Satan !..."

The story finally stopped when
I'd realised that I already am a Satan !
