[Lyrics by Guilhermino]

The Tiger roars a silent scream  
Reflecting the lamb in his own skin

Tiger's Doom:  
Bleed for our path!  
Tiger's Doom:  
Bring us your... thirst!

I was walking in thy kingdom  
Dipping all reality

We are the tiger  
Roaming for life  
Waking the sleepless  
Through miracle of doom

Then you walked in my kingdom  
Dipping my own reality  
Searching just bohemian freedom  
Hunting just for empty fun

The Tick woke up

Tiger's Doom

The tiger died without seeing the light  
I have mercy on his soul.
