A shadow's hiding from the city lights at night,  
Soon she'll tumble, cry and die, to know my right  
Running in desperation, a two-legged wolf near by  
This time she really wishes that god could make her fly

[Bridge:]

The more she runs she is assured - she knows she  
won't be saved

A cold shiver down her spine  
Like a dead breath from the grave

[CH:]

K-K-K-Killfukk - what a fukk - I rule the streets tonight  
K-K-K-Killfukk- werewolf's fukk - beneath the city lights

With this moment she knew the things she's never  
known

What human life is all about! Not known the Power!  
Now she knows that there is never nothing else  
Which starts in every Life at twelve, starts at the  
witching hour.

[Bridge:]

The more she runs, she is assured - she knows she  
won't be saved

A cold shiver down her spine  
Like a dead breath from the grave

[CH:]

K-K-K-Killfukk- what a fukk - I rule the streets tonight  
K-K-K-Killfukk- werewolf's fukk - beneath the city lights

[Interlude:]

"Hello little girl, I am your thrill!  
So have no fear, I just want to kill  
You should be grateful with me for your Luck  
Before I kill, you will get fukked!"

[CH:]

K-K-K-Killfukk - what a fukk - I rule the streets tonight  
K-K-K-Killfukk - werewolf's fukk - beneath the city lights  
K-K-K-Killfukk - what a fukk - I rule the streets tonight

K-K-K-Killfukk - werewolf's fukk - beneath the city lights  
KING OF THE NIGHT!
