Hey God, you fukkin' bastard  
One sheep despaired by your system  
In your church pain is standard  
Loving next... nobody listens

[Bridge:]  
When nobody bets, nobody helps, nobody hears  
I will do! I Will do!  
I shoot into his head for you!

[Chorus:]  
Subject - Release him from earth  
Impotence - release him from earth  
Antisinner - Release him from earth  
Lord Satan - Release him from earth  
Release him from earth

He is down, he masturbates  
This sin brings him where I go  
Under the eyes of god he ejaculates  
Spermatized! He loves Porno Shows!

[Repeat Bridge]  
[Repeat Chorus]
