Subhuman God
Weakling fear the curse of ya god
Bow down and pray before ya rot
Curse the evil and creep in the mud
Feel shame when ya get a great fukk

God safes ya from a hard nature
Strong kill weak, strong will survive
Pray for mercy or get raptured
Doctrine of Jesus will keep ya alive

Subhuman god the king of the fat
Subhuman god the king of the sick
Subhuman god the king of dead
Subhuman god the king of the pigs

Severing flesh in front of the wooden cross
Don't kill me, don't crush me, I am yours
Give me healing for what I have lost
I only want to fukk ten thousand whores

[Rep. Bridge]
