12 seconds into my past  
I don't remember so I don't even ask  
Just let it drop, just let it drop  
Just let it drop drop drop drop drop

A private whiteout that numbs my thoughts  
You keep yourself warm with the line you bought  
Breath in, breath out, breath in, breath out  
Breath out, out, out, out

Nasty habit let me grab at it  
Nasty habit let me grab at it

Head staggered  
Head staggered  
Head staggered

5 o'clock fever will bite  
Desire for virtue but the wrong is right  
So tell me when, tell me when, now  
So tell me when, tell me when  
Now, now, now

Dreams that ticker tape and blur  
I call your name out but the words are slurred  
The words are slurred, the words are slurred  
The words are slurred slurred slurred

Nasty habit let me grab at it  
Nasty habit let me grab at it

Head staggered  
Head staggered  
Head staggered

Head, head  
Head, head  
Head, head, head
