For sure for sure and actual
You swear by all that's factual
Insane elastic joy despair

Figures dance and bebop
Take me away from the drop
I cannot help but stand and stare

Sawdust Casanovas
Are dying to take over
Lipstick on bankrolls, it's a deal

Telling stinking lies
Cheap chat and shifty eyes
Double the price you gotta steal

Hey Venus
Hey Venus
Wants us all so bad
Hope it drives her mad

Holy rolling thinkers
Knee jerks and lovesick drinkers
Eyeball each other through the haze

Swapping tales of woe
Ozone and G.I. Joe
They can they do and guess who pays

Hey Venus
Hey Venus
Wants us all so bad
Hope it drives her mad

Time to spit it out, wash it down the spout
You don't have to kiss because you pout
All those high hopes locked up inside
Let 'em out, put your doubt aside

Hey Venus
Hey Venus
Wants us all so bad

Hope it drives her mad

Hey Venus

Hey Venus

Wants us all so bad

Hope it drives her mad
