Count your cents, cuz you'll be needing them.  
It's all we have but we're still feeling it.  
The sense is that cents couldn't pay for this.  
Another night and we're still making it.  
A chance to please whoever wants to take it in.  
This chance is yours if you make it.

We're not going to sit down and shut our mouths,  
we're here to make it happen.  
When you thought you had it figured out, we're going  
to beat you to it.

One life to our own, this road is the way it goes.  
I don't know what's on the other side and I don't know  
where I'll sleep tonight. One life to our own,  
and this song is the way it goes.  
If you're looking for the fast ride, you're out of time.

Wake up in another atmosphere,  
how did I end up here? How did we end up here?  
Counting down the footsteps to the night before,  
it's time to find my feet and time to find the keys.  
It's funny how every night are nights like these.

We're not going to sit down and shut our mouths,  
we're here to make it happen.  
When you thought you had it figured out, we're going  
to beat you to it.

One life to our own, this road is the way it goes.  
I don't know what's on the other side and I don't know  
where I'll sleep tonight. One life to our own,  
and this song is the way it goes.  
If you're looking for the fast ride, you're out of time.

So don't look back and don't slow down because  
there's  
no room for mistakes now. It's all we have so make  
it last, cuz these stars are bright tonight.  
Make a wish one crossed the sky, these stars are bright  
tonight.

We're not going to sit down and shut our mouths,  
we're here to make it happen.  
When you thought you had it figured out, we're going  
to beat you to it.

One life to our own, this road is the way it goes.  
I don't know what's on the other side and I don't know  
where I'll sleep tonight. One life to our own,  
and this song is the way it goes.  
If you're looking for the fast ride, you're out of time.
