So when she pulls in the spot it's like "get it get it"  
And if you know what's she's got it's to get it get it  
And the dance floor is on to see who takes her home  
And when she got to floor It's to get it get it  
She'll have you begging for more when you know you  
want it  
And the dance floor is on to see who takes her  
To see who her takes her home

She lives in bed for the fame  
But then again it's all the same  
She's keeping up with the game  
It'll never let her go  
But baby don't stop baby don't stop  
Keeping your conscience like it or not  
If it all goes wrong and you can't stop  
Then I won't stop

So now the boys got her home each to get it get it  
She's getting down on the floor where you know he  
wants it  
And it don't feel wrong catching heat like all night long  
He's got that heart on his sleeve just forget it get it  
And we've been down this road don't you get it get it  
And it don't feel wrong going just one night without a  
moan

And now he's got it got it  
You know he's got it got it

She lives in bed for the fame  
But then again it's all the same  
She's keeping up with the game  
It'll never let her go  
But baby don't stop baby don't stop  
Keeping your conscience like it or not  
If it all goes wrong and you can't stop  
Then I won't stop

So put her body back to the floor  
Tonight is not an issue

So put her body back to the floor  
Tonight is not an issue

She lives in bed for the fame  
But then again it's all the same  
She's keeping up with the game  
It'll never let her go  
But baby don't stop baby don't stop  
Keeping your conscience like it or not  
If it all goes wrong and you can't stop  
Then I won't stop
