I'll grab your hand and I'll close your eyes
If you feel my heart if you feel alive
I'll take you back to any moment in time
If you feel my heart if you feel alive

We live like were on the west coast
Making love like were in hospitals
She's been my crush for some time
She's my minx, she's my butterfly
And we know she's still contagious cause when I'm
around her I'm famous
And I know my head is spinning around and around
and around we go here we go again

I'll grab your hand and I'll close your eyes
If you feel my heart if you feel alive
I'll take you back to any moment in time
If you feel my heart if you feel alive

We live like were on the west coast
Making love like were in hospitals
She's been my crush for some time
She's my minx, she's my butterfly
And we know she's still contagious cause when I'm
around her I'm famous
And I know my head is spinning around and around we
go

I'll grab your hand and I'll close your eyes
If you feel my heart if you feel alive
I'll take you back to any moment in time
If you feel my heart if you feel alive
Were keeping safe while I make you mine
If you feel my heart if you feel alive
I'll hold you close and for all of time
If you feel my heart if you feel alive

To make it to me, what am I supposed to do, leave me
alone
I can't forgive you, and I only want you to make it
through

I'll grab your hand and I'll close your eyes
If you feel my heart if you feel alive
I'll take you back to any moment in time
If you feel my heart if you feel alive
Were keeping safe while I make you mine
If you feel my heart if you feel alive
I'll hold you close and for all of time
If you feel my heart if you feel alive
