I can't believe that so much time was spent on my own
Just trying to figure it out all alone
Don't show emotion, let this go
I can't pretend that everything is still okay
Until you rightfully say what you said
The night you left me here for dead
Why do you cry when you're falling asleep
And girl, how can you love without ever losing it all
Don't put your faith in this when you won't believe it
Where did you go

How will you find yourself when your hand to hold is
letting go
How will you tell yourself you're losing hope
It's it just me or has this time we've spent come undone
I know forever is not what you want
I'll pack my bags and brush it off
Tell me that you're alright
Yeah, like I really care
Why do we fight sometimes
Just like we always do
Try and make up your mind
I'll make it up for you
