Jennifer, the party's over,
I didn't think you'd make it through the night.
Everybody's gone,
But you're alright.

Sweetie, now, obviously,
You know it's not obvious to me
Why it's not plain enough to see.

You're falling, baby,
I've been waiting:
You took the long way home.
In that dress, it makes me crazy.
I'm not the only one.
It's cold outside.
Keep your heart open wide,
Save it for somebody who cares.
Somebody who cares.

Jennifer, the weekend's over,
But at least you made it through with style.
It all comes together after a while.

Tell me, baby, is it hard to admit?
Do you remember what you did,
Or where we've been?

You're falling, baby,
I've been waiting:
You took the long way home.
In that dress, it makes me crazy,
I'm not the only one.
It's cold outside.
Keep your heart open wide,
Save it for somebody who cares.

You don't have to walk alone tonight.
I don't have to be a gentleman.
You don't have to say a single word,
Or make believe that we could be "just friends."

You're falling, baby,

I've been waiting:
You took the long way home.
In that dress, it makes me crazy,
I'm not the only one.
It's cold outside.
Keep your heart open wide,
Save it for somebody who cares.
Somebody who cares.
Somebody who cares.
